Content:

On June 30, 2000, the Department of Workforce Development published Communication #99-54, "Revised PY'99 Local Performance Levels and Incentive Awards Policy." Attached are the awards for performance completed in PY'99 for system and WIA performance. Statewide, DWD is releasing \$620,000 for successful performance.

Funding is a combination of WIA 15% and Wagner-Peyser 7b funds. Of the \$620,000 being released for incentive awards, \$320,000 is being awarded for regional cooperation in meeting all three system goals (customer satisfaction, wage gains and skill gains). These awards must be used for enhancing one-stops. The use of these funds will be determined by the WIB or WIBs in that planning region.

The remaining \$300,000 is being awarded for exemplary performance by local areas on the performance measures, defined as meeting at least four of the six mandatory DOL employment and wage measures.

The WIA funds may be used for any allowable WIA activity chargeable to the program. These WIA funds may not be charged to or used for administrative purposes.

The funds will be treated as generic incentive awards, without regard to cost category. Grant instructions for accessing these funds will be issued in the near future.

Effective Date:

Upon receipt.
